

CHEMICALS AND TOOLS

Below is a list of our commonly used chemicals and tools.

NAME	DESCRIPTION
Bayer Garden Greenfly Killer	The Sprayday Greenfly Killer kills and protects for up to 4 weeks against aphids, whitefly, caterpillars and many other pests. Ideal for use on all ornamental plants and a wide range of fruit and vegetables.
Provado Vine Weevil Killer²	Systemic insecticide for the control of vine weevil and difficult pests in pots and containers indoor and out.
Doff Portland Slug Killer	Doff Super Slug Killer is an effective and long lasting solution to slugs and snails damaging your plants. This product can safely be used around edible crops and has been certified for organic use by the Organic Farmers & Growers Association.
Hortisept Pro Horticultural Disinfectant	Hortisept is a specifically formulated synergistic blend that is bactericidal, fungicidal and virucidal but user and environmentally sensitive.
Vitax Leaf Wipes	Vitax Leaf Wipes contain mild oils to clean and shine leaves of smooth-leaved house plants. Harmful dust and dirt are wiped away to leave a natural-looking healthy shine which allows the plant to breathe.
Maxicrop Triple	A concentrated formulation of seaweed extract containing 25.6% (W/W) soluble solids including 3.1:1.4:2.9 NPK. This 'flag-ship' product is used to improve soil and plant health across a wide range of crops.
Maxicrop Natural	

Fertiliser	A concentrated, pure seaweed extract containing 24% (W/W) soluble seaweed solids, which is approved for organic growing by the Soil Association and Guild of Conservation Grade Producers.
Chempak Plant Food Range	Chempak Formula 2 has a high nitrogen content, particularly useful for the start of the season, getting the leaves and stems of young plants off to a strong start.
Primula & Pansy Growing Medium	This is a low stress growing medium which enhanced iron levels and substantially reduced pH, and also minimizes the risk of iron chlorosis as well.
Osmocote Bloom 2-3	Osmocote Bloom is a specially designed controlled release fertilizer for bedding plants growing in small pots.
